San Antonio, Texas 78204

Re: HDRC Case #2017-127: 206 Adams St. – *King William District*  
Conceptual Approval: Two story rear accessory structure

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concur with OHP staff recommendation for approval with stipulations.

Please note the renderings submitted by the applicant indicate a new horizontal board wood fence which is not in character or relates to the period of the primary historic structure. The AAC recommends that the applicant be advised to submit a fence design that will relate to the historic fences found in the neighborhood.

Best Regards,

Mickey Conrad  
Chair, Architectural Advisory Committee

Chris Price  
President, KWA Board of Directors
