Re: Case #2016-4088: 515 Adams St.– *King William District*
Certificate of Appropriateness –New Metal Roof

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concurs with the OHP staff recommendation for approval and the request for confirmation of additional details. We request that if a ridge other than a “crimped” ridge is used, the applicant provide photographic or graphic details to the OHP staff of a “low profile” ridge cap.

Best Regards,

Mickey Conrad
Chair, Architectural Advisory Committee
