Re: Case #2016-6267: 841 E. Guenther St. – *King William District*
Conceptual Approval– various modifications to scale and form of the structure.

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concur with OHP staff recommendation to defer approval until the applicant can address the design inconsistencies with the Guidelines.

Furthermore, KWA AAC is always willing to meet with the applicant to help with adherence to the OHP design guidelines.

Best Regards,

Mickey Conrad
Chair, Architectural Advisory Committee

Chris Price
President, KWA Board of Directors
