Re: HDRC Case #2017-656 – 511 Mission St. – *King William District*
Replace existing front sidewalk with pavers

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concur with OHP staff recommendation to deny the installation of concrete pavers. The use of concrete pavers are inappropriate materials in our historic neighborhood and should not have been approved administratively for the planter edging.

The KWA AAC request the opportunity to review future front yard improvement projects.

Best Regards,

Mickey Conrad
Chair, Architectural Advisory Committee

Chris Price
President, KWA Board of Directors
